## Santorini?

### STAY Ambelia Traditional Villas

Do like the locals do and bed down in a traditional cave house. Ambelia's villas are decked out in pastel hues, and come equipped with Wi-Fi and air conditioning. Soak up the sunrays and sea views on your private veranda, or in the communal pool.

### EAT Argo Restaurant

Argo might not offer the best views of the caldera (the restaurants opposite can lay claim to that), but its food more than makes up for it. Go for the mixed seafood platter, which comes drenched in an utterly moreish sauce spiked with ouzo.

### DO Fira to Oia sunset hike

This ridge walk distils Santorini's charms into a single – and singular – experience. The 10km trail meanders past quaint villages and ancient churches, with mesmerising views of the Aegean. If you start out in late afternoon, you should reach Oia in time for the famous sunset.
